A LETTER FROM LISA:

Welcome to July! If you've been around for a while you know that I lovingly refer to July as the "Bermuda Triangle of Months." But, I want to reframe this for you a little bit...

Here's what you need to know about July:

 **July is a transitional month.** It's a busy, blur of a month but it's pivotal to your productivity. July is an inside game.

This is the month you spend invisible, productive time inside your head. **You think. You dream. You plan.**

If you don't change your mindset in July, you'll be right back on the hamster wheel this Fall. This is why I'm inviting you to join me in using your July to enroll or re-engage in the Organize 365 courses that will power your productivity this Fall.

You're smart. Capable. You manage careers, families and endless responsibilities.

So why do you still feel overwhelmed at home?

It's not because you're disorganized and certainly not because you're lazy.

Your home has administrative work, decisions, and clutter piling up and **without a true operating system to run your household, it consumes your precious time and mental space.**

Let's change that. Enroll now or get the supplies and motivation you need to be ready to join me this Fall in The Complete Sunday Basket and The Complete Home Organization Bundle. So many exciting new things coming!
